Summary of work carried out during last two weeks

The team has successfully achieved 100% completion of the system's User Interface (UI) and four Create, Read, Update, and Delete (CRUD) operations. Authentication for the system has also been fully implemented and tested, ensuring secure access for all user roles.

The CRUD operations include:

- Doctor : Appointment scheduling and profile management
- Admin : Article management
- Patient : Medical document management
- Clerk : Appointment management

With the UI and four back-end CRUD operations completed, the team is now transitioning to implementing the back-end functionalities essential for completing the system.

Individual Contribution for last two weeks

[1] N.D.Alwis	Completed CRUD functionalities for the doctor role, including appointment scheduling and profile management.
[2] M.A.M.Athhar	Completed CRUD functionalities for article management by the admin role.
[3] K.D.I.Okadini	Completed CRUD functionalities for managing patient medical documents (medical records, lab reports, private files).
[4] S.A.M.K.Ranaweera	Completed CRUD functionalities for appointment management for patients.

Meeting outcomes

1. All UI elements and four CRUD operations are 100% completed.
